

Jamar employee earns LEED Professional Accreditation

The Jamar Co. LEED Accredited Professional Jake Tornquist

Hired as a project engineer, the Jamar Co.'s Jake Tornquist has earned the LEED Accredited Professional credential.

Tornquist is a recent graduate of the University of Minnesota Duluth with a Bachelor of Science in Mechanical Engineering.

LEED Professional Accreditation distinguishes building professionals with the knowledge and skills to successfully steward the LEED certification process. LEED Accredited Professionals have demonstrated a thorough understanding of green building practices and principles and the LEED Rating System.

The Green Building Certification Institute, established with the support of the U.S. Green Building Council, handles exam development and delivery of the credentialing program.

Since 1913, the Jamar Co. has been a leader in a wide array of specialty construction services and is recognized for innovation and quality in the commercial and industrial construction, maintenance and service fields. Jamar has offices in Duluth, Minn.; Marquette, Mich.; and Green Bay, Wis.
