

IN IT TO WIN IT

June 1, 2011 — API Group Inc. acquires Metropolitan Mechanical Contractors Inc. (MMC).

New Brighton, Minn.— API Group Inc. is pleased to announce **METROPOLITAN MECHANICAL CONTRACTORS INC. (MMC)** has joined the API family of companies on June 1, 2011.

“We are excited about the opportunity to combine MMC’s expertise in pre-construction, BIM modeling and design with API Group’s national reach,” said Mark Anderson, president of MMC.

The acquisition provides MMC an opportunity to expand its market share in data centers and other large construction projects.

MMC plans to join forces with St. Paul-based Doody Mechanical, a highly respected mechanical contractor in the Greater Twin Cities.

“The combination of MMC and Doody will provide employees more opportunities to grow,” said Russell Becker, API Group CEO and president. “MMC and Doody will continue to provide high-quality, responsive service to its existing customers.”

MMC and Doody will operate under the leadership of Mark Anderson with the assistance of Doody’s President, Jim Torborg, during the transition period.

MMC’s former shareholders are committed to the new venture and will remain with the company. 

API GROUP INC.

API Group acquires construction companies to propel their success in the industry while encouraging company leaders to keep their entrepreneurial spirit. API Group owns 16 companies within Minnesota and 36 companies throughout the U.S., Canada, and the U.K.
